

CANBERRA – Cyber Security Analyst (APS5)

About the Aurora Neuroinclusion Program:

Services Australia’s Aurora Neuroinclusion Program (Aurora) aims to improve work and career outcomes for people with an autism or ADHD diagnosis.

Together with Employ for Ability, Aurora offers a unique recruitment process that’s flexible, safe, supportive and inclusive. Aurora offers roles in a variety of fields and:

- provides a career pathway into the agency for people with an autism or ADHD diagnosis
- demonstrates the individual and organisational benefits of employing people with autism or ADHD through an inclusive recruitment process
- showcases the diverse and unique skills and attributes people with an autism or ADHD diagnosis have to offer in employment
- aims to increase the representation of people with disability in the agency and the Australian Public Service (APS).

Aurora offers:

- a tailored and flexible assessment phase
- ongoing roles with attractive working conditions
- job security with a competitive salary
- opportunities to develop skills to support your career.

We’re looking for people who:

- are keen to learn
- want to make a positive difference in the lives of Australians
- want to start their career in the APS.

If you’re successful and matched to a role, you’ll be offered a full-time ongoing position. If you’re rated suitable and not matched to a role, you’ll be placed in a merit pool for up to 18 months. The merit pool is active for 18 months from the advertising date. If a position becomes available during that time you may be considered for that position.

Available position

Aurora is accepting applications from eligible candidates for the following role based in **Canberra:**

Cyber Security Analyst (APS5) – Technology and Digital Services

If you are passionate about cyber security, this could be the role for you!

Cyber Security Analysts provide ICT security advice and assistance to the agency by delivering management, technical, governance and administrative services to implement security controls and strategies.

They conduct security risk assessments and provide advice on the practical application of security controls, interpret and apply cyber security policies and procedures and provide specialist advice to stakeholders to meet security protocols.

This role is in the Cyber Security Operations Centre (CSOC) within the Cyber Operations Branch. The CSOC actively monitors, and is the first responder, to alerts and suspicious activity detected within Services Australia and the networks of its Shared Services Partners. The CSOC uses a variety of tools to detect, evaluate, and investigate any suspicious behaviour. They work closely with the Cyber Threat Intelligence Team to provide information on any potential threats observed during monitoring. CSOC conducts analysis and responds to reports of spam submitted by Agency staff. They also assist in the assessment and removal of phishing campaigns impacting the Agency.

What you'll do:

As a Cyber Security Analyst (APS5), you work as part of a multi-skilled team to:

- assist staff with access rights and privileges
- support the development of security risk assessments and provide advice on the application of and compliance with security controls
- perform risk analysis of tools, websites, applications and processes
- identify and escalate cyber security risks and vulnerabilities
- contribute to the development and review of cyber security guidelines, standards and procedures

- interpret and explain cyber security standards, policies and procedures to stakeholders to build capability and compliance
- resolve moderately complex enquiries and escalate as required
- raise awareness of security issues, risks and recommend potential mitigations.

What you should have:

These things are important to have.

The ability to:

- think critically and apply solid problem-solving skills
- demonstrate a high level of accuracy and attention to detail
- work independently and seek assistance when required
- work collaboratively with staff, agency stakeholders and customers
- analyse information, identify issues and report your findings
- learn new software platforms and programs
- interpret, apply and explain legislation, policy and procedures
- contribute to innovation and improvements.

What is nice to have:

These things aren't essential, but if you have them that's great:

The ability to:

- encourage curiosity and adopt a growth mindset
- support the use of digital technology to work efficiently
- consolidate data literacy skills.

Knowledge of:

- cyber security operational environment
- current practices and issues in cyber security
- cyber security systems and tools.

Skills for the Information Age (SFIA):

- [Information security SCTY](#) – Level 3
- [Specialist advice TECH](#) – Level 4
- [Methods and tools METL](#) – Level 3
- [Security operations SCAD](#) – Level 2

- [Customer service support CSMG](#) – Level 3

Security Clearance requirements:

A Negative Vetting Level 1 security clearance (or the ability to obtain and maintain) is required for this role.

How to apply

Apply for the Aurora Neuroinclusion Program through [Employ for Ability](#).

There are 3 stages to our recruitment process:

- application
- assessment
- [selection](#).

Before you apply

Before you apply, check if you're [eligible](#).

To be eligible, you need to provide evidence of a diagnosis of either:

- Autism Spectrum Disorder/Condition, including autistic disorder (autism), Asperger's syndrome, childhood disintegrative disorder, or pervasive developmental disorder not otherwise specified (PDD-NOS)
- Attention Deficit/Hyperactivity Disorder (ADHD).

Evidence may include either:

- a full diagnostic report or a redacted section of your report that states autism or ADHD as a diagnosis
- a letter from a psychologist, psychiatrist or general practitioner confirming a diagnosis of autism or ADHD
- information confirming your diagnosis from a supporting agency such as the NDIS or a Disability Employment Services provider.

If you have any questions or concerns about your evidence, please contact aurora@employforability.com.au.

In addition to providing evidence of your diagnosis, you'll need to provide:

Proof of Australian citizenship – please refer to the information at the bottom of this document for details.

You must also:

- undergo an Australian government security clearance, including a criminal history check
- live (or be willing to relocate to) a daily commutable distance to the Canberra CBD

You may also be required to obtain a Baseline security clearance.

Tell us about you

- If you don't have a current CV or resume you may create one by listing your current and previous work and educational history (in date order from most recent to least recent on a Word document and upload to your application).
- Make sure you include any volunteer work which would showcase your skills and demonstrate your suitability for the role.

In addition to demonstrating you meet the eligibility requirements, you must also provide a response to the **3** applicant response questions listed below:

Applicant response:

We ask that you write a one-page document (minimum 11pt font in Word or PDF format) that provides more information about you to support your application for this opportunity. This must be uploaded as an attachment on the application page.

In your response, please describe the following:

1. How your skills, knowledge and experience are relevant to this role.
2. What motivates you to apply for this role.
3. Any specific examples or achievements that demonstrate your suitability for the program.

To answer these questions, you may use work or study examples or from personal experience you may have (for example as a hobby from home). Ultimately, we'd like to know more about you and why you feel you would be suited to this role.

Notes on the assessment process:

Shortlisted applicants will be invited to attend a screening workshop, held in the **Canberra CBD**. Following this, a final shortlist will be conducted and those candidates will advance to the final stage of the recruitment process. This is a **multiple day assessment** led by Services Australia also held in the **Canberra CBD**.
